Construction To Begin On Pioneer Growers Building

Plant Addition To Make Coop Most Complete and Modern Firm In State

The 23-member Pioneer Growers Cooperative will begin ground work next week on the first phase of its extensive building program designed to make the vegetable packing firm one of the most modern and efficient in the state.

The cross-shaped structure will include two celery beds, extensive truck and train loading platforms, field truck unloading ramps, precooling room and cooling room.

The facilities should greatly facilitate the complete farm to market handling of the two dozen Glades vegetables, by making operations more economical and quicker. The past season the Cooperative processed 1,866,205 packages.

Outstanding feature of the new plant is the separate truck loading and unloading facilities, according to a member of the building committee. The idea is to eliminate the confusion resulting from the two types of trucks operating from the same area.

The largest precooling room in the state will be equipped to handle 40 cars of produce a day, the cooperative reports. Following precooling, produce will go into a cooling room from which it will be loaded on trucks and train cars. This rapid handling of produce (Continued on Page 4)

DR. BAIK SPEAKS TO ON-FARM-TRAINING CLASS

Dr. Roy A. Baik spoke to the veterans' On-the-Farm-Training group here last week on structure, Establishment and Management.

A seminar of questions and answers on grasses and pastures was held following the talk, according to instructor Johnny Hooker.

EMPLOYMENT OFFICE RECEIVES CIVILIAN RECRUITMENT DATA

Are you interested in traveling to Alaska, Austria, Germany Japan or Okinawa? Now may be your chance to see the world. The qualifications set forth by the Overseas Affairs Branch of the Department of Army.

A. M. Larrimore, manager of the local employment office, states that he recently received listings of workers needed in these areas as published through the department's June 1-31 recruitment program.

Positions range all the way from accountant to information specialist with Slove Language knowledge. The range is equally wide, the report showed.

Applicants meeting requirements should fill out the proper forms at the employment office. They will be sent to the nearest field office of the Overseas Branch where acceptability is determined.

The increased number of civilian workers is necessitated on the foreign front by the shift of armed forces personnel to combat areas, the release stated.

Shootin' Blanks

By Paulette

Sometimes the power of the Herald is under estimated. Even in my most exalted moments of appraisal, I refused to recognize that it had the ability of turning the town upside down, but that is exactly what the paper did last week.

Why we even have a call from a utility company stating that the manager was at that minute standing on his head reading the paper. Now that's something when anybody or anything can effect and turn big business to such an angle.

And a subscriber had something to say about the page which was printed upside down after a week's delay.

"Dear editor," you stated, "let me congratulate you on your my head standing on its head last week reading the paper, and it (continued on Page 2)

COLLEGE QUALIFICATION EXAM GRADES COMING IN LOCAL DRAFT BOARD

Results of college qualification examinations are coming into the local draft board office, according to an announcement this week by Mrs. Max Glenn, chief clerk.

Examination grades of men who took the examinations at various colleges and who give this board as the one under which they were registered may inquire about their marks. Mrs. Glenn says.

She also stated that physical examinations will be given during July for all men in class 1A born from 1925 to 1929 who have not been previously examined.

An induction call will be sent to one local man during July, she reported. Charles E. Crel II, Pahokee, reported to Miami Weekday for a preinduction physical examination.

GOODLET ANNOUNCES POLICE FORCE CHANGES

Chief of Police Charles Goodlet announces the recent appointment of V. R. Clark as deputy patrolman. Clark replaced B. J. Banks who resigned to accept another position.

Sgt. L. S. Funk, head of the foot patrol printing department, recently resigned to go into business for himself.

BALDWIN IS DELEGATE TO ELKS CONVENTION

James C. Baldwin, exalted ruler of the local Elks lodge, will attend the 87th Grand Lodge Convention of the Benevolent and Protective Order of Elks as delegate.

Baldwin and his wife will leave next Thursday and drive to Chicago, the convention city.

Over 50,000 delegates and visitors are expected in Chicago to attend this 87th Grand Lodge Convention. Elks from the 48 states and such far-away places as Hawaii, Porto Rico, Alaska, Guam, and the Canal Zone will be on hand.

The local delegate will attend a series of meetings of the Grand Lodge in the Stevens Hotel which include the election of the new Grand Lodge Officers.

In addition, Elks Lodges from all over America will participate in numerous events including Band and Sheet shooting, trap and instrumental contests, drill team contests, and quartet club and barber shop glee song fests.

Governor Adlai Stevenson of Illinois and Mayor Martin J. Kennedy of Chicago will be on hand to greet the delegates.

A. M. Larrimore, manager of the local employment office, states that he recently received listings of workers needed in these areas as published through the department's June 1-31 recruitment program.

Positions range all the way from accountant to information specialist with Slove Language knowledge. The range is equally wide, the report showed.

Applicants meeting requirements should fill out the proper forms at the employment office. They will be sent to the nearest field office of the Overseas Branch where acceptability is determined.

The increased number of civilian workers is necessitated on the foreign front by the shift of armed forces personnel to combat areas, the release stated.

News of Glades Boys And Girls In The Service

Following a leave from service, Cunningham was home for two weeks, reporting back for duty May 20th. He joined the Navy Fall of 1948 following graduation from Belle Glade High school last spring. His basic training in electronic mechanics was taken in Memphis, Tennessee and then in California. At the outbreak of hostilities in Korea he was sent to Japan where he served as a gunner on a patrol bomber.

He will return to Japan from Hawaii sometime in July.

Sgt. I. Charles P. Choate, with his wife and daughter arrived here last Sunday for a visit with relatives and friends during a leave from service. They are living in their home on S. E. First Street during their stay and invite their friends to call.

Stage Set Here For First Rabbit Show, Convention

Commissioner Mayo To Speak To 28 Delegates Of State Associations

Approximately 28 delegates from rabbit breeders associations the state will gather here at the Mayo Pavilion Saturday and Sunday for the state convention and their first rabbit show of its kind in the South.

The show will become an annual event here, according to Howard Haney, president of the Palm Beach County Association, show sponsor.

Members of the county association were busy this week with all these poems about the rabbit.

And all about the rabbit's habit, Would we do For rabbit stew If rabbits didn't have habits?

Receiving 24 wire cages to house over 200 rabbits already registered for the competition. Registration will be held Saturday morning.

Hayes stated. In addition to competition entries, several cages of cross breed, display rabbits will be on hand.

Pamphlets, free to the public, will point out the superiority of rabbit meat over types more commonly consumed and information on rabbit breeds and breeding.

Rabbits in the show will include a cross section of domestic breeds raised in the area consisting of Cheeked Giants, New Zealand Whites, New Zealand Reds, Himalayas, Californians and Chinchillas.

Bibb and cash prizes will be awarded in the competition. (Continued on Page 4)

JUSTICE WEIGHS HEAVY ON SPENCE WHITLOCK

Justice weighed heavy on Wilbur (Spence) Whitlock when he appeared before Municipal Judge Jones in a court hearing here Friday night.

Experience bought at the price of \$415 and a suspended 60 day sentence, Whitlock's test trial, taught that conversation with a judge in court is not a game.

Governor Adlai Stevenson of Illinois and Mayor Martin J. Kennedy of Chicago will be on hand to greet the delegates.

A. M. Larrimore, manager of the local employment office, states that he recently received listings of workers needed in these areas as published through the department's June 1-31 recruitment program.

Positions range all the way from accountant to information specialist with Slove Language knowledge. The range is equally wide, the report showed.

Applicants meeting requirements should fill out the proper forms at the employment office. They will be sent to the nearest field office of the Overseas Branch where acceptability is determined.

The increased number of civilian workers is necessitated on the foreign front by the shift of armed forces personnel to combat areas, the release stated.

SUMMER BAND PROGRAM TO START HERE JULY 2

The summer recreational band program of the high school is scheduled from July 2 to August 11, according to Alan H. Drake, recently appointed band instructor.

Drake urges those interested in the program who can only participate for a limited period in the schedule to register.

Beginner, intermediate and advanced instruction workshops are planned to accommodate every student interested in playing in the band next year, Drake says.

The school will furnish larger instruments. Instruction is scheduled Monday through Friday and rehearsal on Thursday night. The public will be invited to these programs, Drake says.

Music appreciation and music theory classes and concerts are included in tentative summer plans.

Drake will register students all day July 2 at the school, and Miss Ann Kirchman will take early and late registrations.

ELKS TO HAVE KIDS PARTY AT 3 SATURDAY

Local Elks will entertain their children at a kids party from 3 to 7 p. m. Saturday, according to Fred Simmons, secretary.

The afternoon schedule will include games, favors and refreshments at the lodge home. Earl (Spider) Lindroese is in charge of arrangements.

B. G. Telephone Employees Respond To Call For Blood

Local Southern Bell telephone employees from the traffic, plant, and commercial departments contributed 20 pints of blood to the County Mobile Blood Bank Unit here Wednesday afternoon, last week.

Telephone employees in West Palm Beach had earlier joined the blood bank drive.

Response from all telephone branches contacted so far has been excellent, according to Mrs. Kathleen Mann of the local exchange. These unable to give blood due to their physical condition contacted someone to give in their stead, she said.

State Cattlemen To Meet Nov. 13-15 In Clewiston

More than fifty members of the Palm Beach County Cattleman's Association listened to a report on the state of the industry at the state meeting of the Florida Cattlemen jointly by the Everglades and South Florida Cattlemen's Association to be held at Clewiston November 13th to 15th in November.

President O. G. McWhorter of the local group and Joe Hilliard of the Everglades group presiding by Sidney Crochet in discussing the plans for the visitors.

Following a steak dinner on Wednesday evening of Tuesday, the meeting was held at the Miami-Bend-President O. G. McWhorter reported on the State conference held recently on the west coast.

Me, was high in his praise of the 4-H Camp near Sebring which the State organization is sponsoring and which will accommodate some 4 to 500 this year. The camp will have a capacity of close to 1,000 and will cost near \$50,000.

Information on the recent Marks and Brand law revised by the legislature and effective about July 1st.

Jimmie Owens, County Tax Assessor talked to the boys about the assessment on cattle. According to Jimmie an animal assessed at \$20 will carry a tax of from 50c to 75c, according to the spring. His basic training in electronic mechanics was taken in Memphis, Tennessee and then in California. At the outbreak of hostilities in Korea he was sent to Japan where he served as a gunner on a patrol bomber.

He will return to Japan from Hawaii sometime in July.

Sgt. I. Charles P. Choate, with his wife and daughter arrived here last Sunday for a visit with relatives and friends during a leave from service. They are living in their home on S. E. First Street during their stay and invite their friends to call.

Contracts Signed For Kenef Seed And Fibre In Fla.

Glades Gets 500 Acres Of 3,000 For Fibre; Other For Seed Stockpiling

Officials of the Production Marketing Administration and the Civilian Control Administration have signed contracts with Florida growers to purchase seed and fibre products on 3,000 acres for the purpose of stockpiling. The contracts have been taken to Washington for official execution.

Operations, on the planting for fibre have already begun at Hillsboro Plantation where 500 acres will be grown by the American Kenaf Fibre Corporation, a Florida organization.

Seven Hundred and twenty acres of land have been purchased from Hillsboro Plantations and will be planted during next week, with preparation going forward on the remaining acreage.

A majority of the seed to be used in Florida are coming from Cuba, which has already been purchased. The seed, which are scarce will be used to grow a crop for seed stockpiling both in Florida and in the U. S. government. As the Cubans had the seed available on the west coast, the quantity to be contracted for seed production with a part of his own seed, selling to the remainder for use in Florida.

The importance of this kenaf project is indicated when it is noted that one million pounds of kenaf fibre is necessary to substitute 100% for the jute used in the manufacture of paper.

Kenaf is a plant native to India and the certainty of getting this, or any part of it, is subject to war, as they have political conditions through the world and especially in those countries where it is grown.

It is at such a pitch that at the moment the entire activity of exporting to this country might slow down.

According to reliable figures presently available it will take one million acres of land to produce a billion pounds of kenaf fibre. As the fiber grows in all of Florida, but best in South Florida, there is plenty of land available. South Florida will most likely be permitted to grow the greater part of this need, whatever it may be, as they have no peer when it comes to production.

Dr. Roy A. Baik spoke to the veterans' On-the-Farm-Training group here last week on structure, Establishment and Management.

A seminar of questions and answers on grasses and pastures was held following the talk, according to instructor Johnny Hooker.

EMPLOYMENT OFFICE RECEIVES CIVILIAN RECRUITMENT DATA

Are you interested in traveling to Alaska, Austria, Germany Japan or Okinawa? Now may be your chance to see the world. The qualifications set forth by the Overseas Affairs Branch of the Department of Army.

A. M. Larrimore, manager of the local employment office, states that he recently received listings of workers needed in these areas as published through the department's June 1-31 recruitment program.

Positions range all the way from accountant to information specialist with Slove Language knowledge. The range is equally wide, the report showed.

Applicants meeting requirements should fill out the proper forms at the employment office. They will be sent to the nearest field office of the Overseas Branch where acceptability is determined.

The increased number of civilian workers is necessitated on the foreign front by the shift of armed forces personnel to combat areas, the release stated.

WEINER LEGION SCHEDULED FOR REGIONAL AUXILIARY

The American Legion Auxiliary will meet at the Park at 8 o'clock next Monday night for a weiner roast. Mrs. Lucy Gregory is in charge of arrangements.

All members are urged to attend and bring a guest.

LIONS SEE FILM ON INFANTRY WEAPONS

Lions viewed a film on Infantry weapons and their effect at the organization's regular Wednesday luncheon meeting in the Legion Hall.

The film was shown through the courtesy of the local National Guard unit.

GLADES GROWERS TO GET FIBRE SEEDS

The Palm Beach County Reclamation and Development Board (Randle-Kenaf committee) efforts were recently rewarded when the federal government provided 50,000 pounds of kenaf seed from Cuba to distribute to farmers throughout this area for planting.

According to the report, the government will contract to buy the entire seed crop, when harvested, for seventy five cents a pound.

The current years harvest will be stockpiled for defense purposes with the exception of that from 500 acres which will be grown locally under government contract for fiber experimental purposes.

If the present plan goes through the seeds, imported from Cuba, will be in the U. S. by July 1.

Ralph J. Blank, RRD manager, who previously conferred with the War Relocation Authority in Washington on the plan said that the Department of Federal Munitions had authorized the Agriculture Dept. to stockpile 2,300 tons of kenaf seed for stockpiling and 2,000 tons of fiber for experimental purposes.

WATER PLANT MEN TO TAKE RATING EXAMS

Six men now employed at the city water plant will take examination for class C operators licenses from the State Board of Health in Tallahassee next Friday, according to Clarence Throp, plant superintendent.

The licenses will qualify them to operate any water plant in the state, Throp says. If all of the applicants pass, the city will have a total of eight qualified operators. Throp and J. T. Lamb already have their C ratings.

E. E. Kelough, formerly assistant plant superintendent, has been transferred to the Street Department, according to Throp.

Interior of the plant recently has been repainted in light blue and warm gray, Throp says.

WEINER ROAST SCHEDULED FOR REGIONAL AUXILIARY

The American Legion Auxiliary will meet at the Park at 8 o'clock next Monday night for a weiner roast. Mrs. Lucy Gregory is in charge of arrangements.

All members are urged to attend and bring a guest.

LIONS SEE FILM ON INFANTRY WEAPONS

Lions viewed a film on Infantry weapons and their effect at the organization's regular Wednesday luncheon meeting in the Legion Hall.

The film was shown through the courtesy of the local National Guard unit.

CATHERINE FRIEDHEIM TO ATTEND GIRLS STATE

Miss Catherine Friedheim, daughter of Mr. and Mrs. Joe Friedheim, has been chosen to attend Girls State June 29 in Tallahassee.

The American Legion Auxiliary, which has sent a girl to Girls State each summer for the last three years, will sponsor Miss Friedheim. Miss Friedheim will be a senior in Belle Glade High School next year.

IF AN "Y" SITUATION GETS TENSE, ARMADILLOS MAY BE THE PROBLEM

If the most situation gets too tense here, Dick Johnson has a solution. He has a curious remedy suggested by Heald's article on Main Street.

An animal version of the armored car, the armadillo is eaten in South America although taste of the meat is usually offensive to the ordinary palate. Armadillos are not regular items on the menu in Buenos Ayres restaurants.

Johnson said he received the overgrown tortoise from a mailer living in the Jupiter area but stated that several of the species he had seen in this vicinity.

When alarmed the animal will raise itself on the very tip of its long claws and scuttle about actively. Its only protection from natural enemies is its tough scaly surface from which it gets its name.

Johnson's pet is on display in his shop.

Glades State Prison Farm Officially Recognized In Plans For A Modern Plant

GILMORE APPOINTED WSWN STAFF ANNOUNCER

Mrs. Mary Fox, manager of radio station WSWN, announces the appointment of Bruce Gilmore as a station staff announcer.

Gilmore was formerly employed with station WYAT in Lake Worth as announcer. He replaces Rev. Ralph Hughes who has been announced for the last nine months. Hughes has accepted a position with Mathews.

Sales Volume At Livestock Market Remains High Mon

Sales volume remained at a high level at the Glades Livestock Market Monday with \$57,362.35, according to George C. Young, manager.

Prices remained about steady with slaughter steer prices slightly off, and fat cows up one to two dollars, the report showed.

A Nashville cattleman viewed the Monday sale to consider the possibility of shipping in stocker cattle for sale here. Since out-of-state buyers have had slim pickings for stocker cattle this season outside supply should help balance the demand, Young stated.

Stocker

Steers—Common \$26.00 \$31.25; Interior \$23.00 \$34.50.

Cows—Common \$22.00 \$26.00; Interior \$20.00 \$25.00.

Cows—Common \$22.75 \$28.00; Interior \$20.75 \$25.00.

Calves—Utility \$31.00 \$31.50; Common \$28.00 \$28.50.

Calves—Utility \$26.75 \$27.75; Common \$24.00 \$24.50.

Calves—Utility \$22.25 \$25.75; Common \$20.00 \$20.75.

RECREATION PROGRAM TO START HERE JULY 2

The summer recreation program is scheduled to begin July 2 here.

Dorothy Jones, high school librarian, will remain on duty so children may use library facilities and check out books.

Alan H. Drake, new High School Band director, will direct the band in the school band program in the school band room and the auditorium.

Mrs. H. D. Leavitt, girls' physical education instructor, will direct the girls' physical education and assist in the recreation program.

Paradise Park in conjunction with Mrs. C. W. McDonald, city recreation director, will begin teaching in the Belle Glade school fall, will direct the physical recreation program in South Bay and Lake Harbor.

The recreation schedule, sponsored by the county and state departments of education, is open to all school age children.

DORSEY'S HAMSTERS CAN'T TAKE PUBLICITY

Publicity has proved unfavorable for Dorsey Pugh's Syrian Hamsters. His prolific little ratlike, bottlelike pets in his barber shop are way behind production schedule, according to the latest report.

Pugh put the strange little curios in his barber shop several weeks ago for all to see. They are especially noted for their rapid reproduction which takes place about every 18 days.

An article on Pugh's menagerie several weeks ago and, according to one of the barbers, public attention which has resulted has disturbed the Hamsters and the family trees are not growing as they should.

The pets will probably be relegated to the back room now until they recuperate from the effects of the lime light, Pugh says.

Five Hundred Man Capacity Will Be Furnished With Permanent Facilities

When the legislature appropriated a bit better than \$400,000 for the local Prison Farm, the first official recognition of the change in name was effected.

It is now Glades State Prison Farm, separate and apart from all others except the central prison at the state capital.

Cliff Greene, Superintendent, is now able to carry to completion the plans for a 500-man capacity and a reorganization of the modern brick buildings for prisoners, guards and officials.

Greene, an up-to-date kilted, sturdy, rugged, dental clinic, sewing room with a recreation area for prisoners and facilities for receiving visitors.

One building will be converted into apartments for guards and families to supplement the six modern brick and five frame dwellings in addition to the Superintendent's home.

Other buildings will be converted into apartments for guards and families to supplement the six modern brick and five frame dwellings in addition to the Superintendent's home.

The local farm's request for budget consideration was stimulated by the record of production furnished other state institutions, the plans for increasing this in the future.

More than \$200,000 in value will be furnished by the local organization to other State institutions in addition to caring for its own needs in the majority of items. The items shipped include, syrup, sugar, rice, dried and canned fresh beans, tomatoes and a variety of fresh vegetables.

Other items produced locally for their own consumption include fresh beef and pork, dairy products, citrus fruit in addition to a full list of vegetables, enabling the mess to last (Continued on page 4)

ROBERTS, BOOTS LEAVE FOR LIONS HAT CONV.

Emmett Roberts, Lions district governor of 35, and Vernon Borgum will leave this weekend for the Lions national convention June 24-28 in Atlantic City.

The Glades cattle area will be pointed up at the convention by a float including two Brahman steers and a display of the Duran Ranch, Brighton, is furnishing the steers, and a display of the cattle area public relations, is in charge of the float.

Local representatives will pass out the Lions hat to the Lions club members by the chamber of commerce at the convention.

R. Y. CREECH TO TAKE ROTARY OFFICE FILM

In James Baldwin, out-going president of the Rotary Club, will relinquish his seat to R. Y. Creech, Sr., recently elected organization head, at the regular Friday meeting in the Legion Hall. Baldwin will give the presentation.

Howell Gillett, safety officer of the Florida Highway Patrol, spoke at the regular meeting last Friday. He made the startling statement that at the present rate of accidents, one child out of every three will be killed or injured before reaching the age of 20 years.

PAR-TEE LINE

Country Club of the Everglades

The city commission has given permission to the country club to spray the golf course in an effort to eradicate invasive clump grass. This will be carried out as soon as the weather conditions are favorable which is now on order, according to Pro Joe Ziemann.

The Community Youth Center program is holding a party at the club house as usual to-night, and Collins Electric will sponsor the juke box.

LARRY LARRY
Let us Help you plan your DREAM HOME

and Cpl. Clyde White, Belle Glade.

Trustees of the Internal Improvement Fund sought to escape payment of bond and maintenance taxes levied by the South Florida Conservancy District on the land the Everglades Experiment Station occupies. They maintained that the land held by the State Dept. of Education, and lands comprising part of the state school fund are not taxable.

The Florida Supreme Court ruled that proceeds of lands earmarked for school purposes are tax free, not the lands themselves, which had been protested by the trustees.

SOUTH CAROLINA PASTORS WILL CONDUCT SERVICES AT 1ST BAPTIST CHURCH

Sunday Services at the First Baptist Church June 17, were conducted by Reverend Theodore Weymouth, student at the Bob Jones College, Greenville, South Carolina in the absence of Reverend W. H. Griffin who is attending the Southern Baptist Convention in California.

Reverend and Mrs. R. L. Smith and Reverend and Mrs. C. C. Parker of South Carolina will arrive this week and will conduct services June 24, and July 8. During their stay they will reside at the Baptist parsonage.

CONSTRUCTION TO BEGIN

(Continued from page 1) will permit a continuance of operations. It will eliminate field produce deteriorating from heat by standing on the platform.

Trucks will no longer have to wait long periods for loads for produce will be processed and stored in the cool room ready for immediate delivery. The rock and surface area surrounding the building will provide adequate parking facilities.

Approximately 3,500 feet of rail road track will complete the two sidings to the building. Several rows of loading ramps adjacent the tracks and cooling room will be constructed.

Destruction of the cooperative's newly conditioned pre-cooling and packing plant by fire this year forced the organization to have its vegetables processed in five different packing houses during the season. The arrangement proved a hindrance to the modern method of mixed car loading.

The recent purchase of approximately 56 acres of land by the coop provides space for a ten to 15 year expansion program, the spokesman said. The ambitious plans offer a concrete testimonial that the vegetable industry in the Glades is still young and that prospects for the future are for expansion not curtailment.

REV. HOLLIDAY ASSUMES METHODIST PASTORATE

Rev. E. L. Holliday assumed his duties as pastor of the Community Methodist Church here this week. He will preach his first sermon here at 11 a. m. Sunday.

Rev. Holliday comes from the Tampa Heights Church, Tampa, to replace Rev. L. F. Vanderpool who was recently assigned to the pastorate of the Grace Methodist Church, St. Augustine.

Rev. and Mrs. Holliday and one daughter arrived here this week. They have two other children, a son and daughter.

CINEMATIC CHATTER

By Malcolm Miller
We have had quite a vacation from these pages but we are back by popular request. I will strive to bring you as much Hollywood gossip as it is possible for me to obtain over the "grape-vine." Bob Hope is definitely set to make his gasp and quips to the pistol-packing rhythm of Roy Rogers' six shooter on his next trip to the sound stages. I have it direct from the Paramount lot that the King of Comedy and the King of Cowboys will head the cast of "Son of Paleface," with production on this riot on the Western plains slated to get under way this coming month. Bob will portray the son of his illustrious self, "The Paleface," with Roy Rogers slated to emote in the role of a government man who complicates the life of the ski-nosed cowboy when he arrives in the wild West to claim his inheritance. Did you know that Jane Wyman started her career as a radio singer? She shortly died. And she had a beautiful singing voice and a masterful manner of putting a song number across. Like many others in the field of music she longed for and opportunity to emote in dramas. I don't know how high she would have gone as a radio singer but I do know she has gone as high as one can go the ladder of success in the dramatic field. Her latest release is "Here comes the Groom," said to be a panic in laughter.

DRAINAGE TAXATION RULED VALID FOR EXPERIMENTATION

The attention of rice growers in Texas and Arkansas. It is predicted that rice will be a major crop in the Glades in the matter of a few years.

The work at the Farm on Rennie has been a great stimulant to that industry and results will be evident within the very near future.

A public institution with the honor of prior farm is something that merits the consideration of the local public—it has had that of the legislative halls.

STAGE SET HERE

(Continued from page 1) In newly breed there will be the following competition classes: Pre-Junior up to three months old Junior up to eight months old and Senior over eight months old.

Several leading feed companies have donated prizes, according to Haney.

Purposes of the show are to stimulate an interest in raising domestic rabbits commercially and to promote a greater consumption of rabbit meat in the state especially during the summer, Haney stated.

"During the winter when tourists come to the state the rabbit industry here is only able to meet about ten per cent of the demand," Haney stated. "But due to natives lack of consumption in the summer, the demand is too little in that season," he said.

BAPTIST YOUNG PEOPLE DIRECTORS WILL MEET NEXT WEDNESDAY A. M.

Mrs. Harold White, young people's director for the Palm-Lake Association of the Baptist Church will hold a meeting with local young people's directors of Belle Glade next Wednesday morning 10:00 a. m. at the church.

Plans will be formulated for the July meeting of the Palm-Lake Association to be held at North Wood Baptist Church, West Palm Beach, which will be in complete charge of the young people of the church and all branches of the association represented in the program.

The ambitious plans offer a concrete testimonial that the vegetable industry in the Glades is still young and that prospects for the future are for expansion not curtailment.

Major Donald T. Paul, Senior Instructor with reserves in this area and a combat veteran of Korean fighting engaged the rapid attention of the Rotary Club recently thru colored pictures accompanied by a running comment on the operation in general and the particular names being projected.

The much-bedecked Major has gathered citations in World War II with a fourth oakleaf cluster and a Bronze Star in Korea.

Being a former enlisted man with a varied experience on three continents, the Major's comments and reflections are very pertinent and opposite.

The Army has a very able public relations representative in Major Paul. Anyone will miss a treat if they fail to take the opportunity to hear him.

GLADES STATE PRISON

(Continued from page 1) ways supply a generous amount in a variety not exceeded anywhere.

The productive ability of the Glades has been no where more forcibly impressed on a group throughout the State than this argument used by the County delegation in securing the passage of the bill providing the money necessary. They were interested to find one state institution which pays its own way and returns a profit to the State.

A handicapped under which the organization is working is this: When another department makes an item, bids are given in the open market and then the Belle Glade farm is asked the privilege of furnishing the item competitive in quality at ten per cent under the lowest bid price. That is how the aggregate of \$200,000 in value is secured at.

The growing of rice for more than ten years at the farm with an average yield of one ton of sacked rice per acre has drawn

the attention of rice growers in Texas and Arkansas. It is predicted that rice will be a major crop in the Glades in the matter of a few years.

The work at the Farm on Rennie has been a great stimulant to that industry and results will be evident within the very near future.

A public institution with the honor of prior farm is something that merits the consideration of the local public—it has had that of the legislative halls.

STAGE SET HERE

(Continued from page 1) In newly breed there will be the following competition classes: Pre-Junior up to three months old Junior up to eight months old and Senior over eight months old.

Several leading feed companies have donated prizes, according to Haney.

Purposes of the show are to stimulate an interest in raising domestic rabbits commercially and to promote a greater consumption of rabbit meat in the state especially during the summer, Haney stated.

"During the winter when tourists come to the state the rabbit industry here is only able to meet about ten per cent of the demand," Haney stated. "But due to natives lack of consumption in the summer, the demand is too little in that season," he said.

District missionary, Reverend Waldo E. Wood is scheduled to deliver the morning and evening sermons at the July 15th meeting.

BAPTIST YOUNG PEOPLE DIRECTORS WILL MEET NEXT WEDNESDAY A. M.

Mrs. Harold White, young people's director for the Palm-Lake Association of the Baptist Church will hold a meeting with local young people's directors of Belle Glade next Wednesday morning 10:00 a. m. at the church.

"We also hope to interest the Department of Agriculture in experimenting further in developing cattle poultry and rabbit feed here in the Glades."

Commissioner of Agriculture Nathan Mayo will be the honored guest of the convention, and he will address the delegates at a business session in the Everglades Experiment Station Saturday night.

Haney will serve as show supervisor and Dan Meikle, Lake Worth, as show secretary.

Otto Muller, noted rabbit judge from Tampa, will judge Sunday morning and C. W. Marker, Ft. Lauderdale, president of the Broward County Association will assist.

R. E. Penble, St. Petersburg; G. L. Gentry, West Palm Beach; and R. L. Horsley, Winter Park, all licensed rabbit registrars will be in charge of arranging rabbit entries on the judges tables.

The Broward County Association is cooperating with the

Palm Beach County group in sponsoring the show.

ALCOHOLICS ANONYMOUS ORGANIZED IN LABELLE

About thirty members of Alcoholics Anonymous from Belle Glade went to LaBelle Wednesday night last week where a meeting of the organization was held at the Legion Hall to establish the association there. Twenty interested persons from LaBelle attended.

You're Invited

To take a "Discovery Drive" in a POWERGLIDE

CHEVROLET

We've wanted to give you and everyone in town a chance to discover what it's like to drive a POWERGLIDE Chevrolet. But demand for Chevrolet's great automatic transmission has been so huge... we couldn't keep a demonstrator! Now we refuse to wait any longer. In spite of growing demand, we've set a demonstrator aside for you to drive...

Come in expecting something wonderful—Chevrolet's Powerglide will exceed your expectations! Powerglide is not like any other automatic transmission in the low-price field! You just slip the control lever into "DRIVE" position. Powerglide does the rest.

But why just read about it when you can try it? Get your "Discovery Drive" this week for sure!

Powerglide is owner-proved over a billion miles.

**HENDERSON INSTALLED
SO. BAY LIONS HEAD**

The South Bay Lions Club entertained at "Ladies Night" at their regular session in the school cafeteria Thursday evening. Officers were installed by District Governor Emmett S. Roberts following the dinner.

The program opened with the singing of "America," followed by the Flag Salute and Invocation by the Rev. James N. Purcell. Jay Nierenberg presented a reading on the make-up and characteristics of "a boy".

Manning Keen of Pahokee presided throughout the program, and "Tubby" Owens of Clewiston acted as honorary tail twister for the evening. Other out-of-town guests were Mr. and Mrs. Herman Close of Belle Glade, Mrs. Keen and Mrs. Owens.

District Governor Roberts made the address of the evening giving an interesting talk on Lionism in Florida. He pointed out that the organization is growing rapidly; that there are now 183 clubs with more than 8000 members in Florida.

"I GUESS YOUR COSTS
HAVE GONE UP, TOO."

"YES, LIKE ALL OTHER
BUSINESSES, OUR COSTS
ARE WAY UP."

IN THE TELEPHONE BUSINESS, TOO...

**A dollar will S-T-R-E-T-C-H only so far
in meeting Increased Costs**

TELEPHONE COSTS have gone up sharply since the present rates in Florida were set.

WAGE COSTS have increased and are going up still further due to the general wage increase resulting from recent contract negotiations.

FEDERAL CORPORATE tax rates are up sharply, adding greatly to our costs of rendering service.

FACILITIES have risen to such an extent that they are costing a great deal more than when present Florida rates were established.

EVEN BEFORE the most recent cost rises, telephone rates were lagging behind telephone costs. Taking into consideration the recent wage increase, annual revenue from telephone rate increases authorized in Florida since 1939 is now falling short by nearly \$6,000,000 of meeting the annual costs of wage increases made effective during the same period, to say nothing of other higher costs.

FOR ALL THESE REASONS, earnings are too low at a time when adequate earnings are vital if we are to continue to provide good service and meet the heavy demands for new service throughout Florida. Meeting the demands will require large sums of new capital which can be obtained only if earnings are adequate to encourage people to invest their savings in the telephone business.

THE NEEDED ADJUSTMENT in rates for the average subscriber amounts to only a few cents a day. Even then, telephone service will have gone up far less than most commodities and services you buy, while the number of telephones that can be reached at local rates has nearly doubled in the short space of five years.

A. B. DOOLEY, Florida Manager

Adequate Rates Are Essential to Adequate Service

Florida people need and want good, dependable and growing telephone service. We are eager to continue providing that kind of service. Rates proposed are only those needed—no more than needed—so do the job under today's increased costs.

Not in the "lab" but ready to drive now!
Chrysler's New Hydramide Power Steering!

This year, for the first time on any American passenger car, Chrysler presents the new principle of Hydramide hydraulic power steering. It's not "in the future," it's out on the road NOW! It is being called the most important automotive achievement since the development of the self starter. People who try it—even after hearing about it from friends—are completely surprised and delighted at the totally new ease and control Hydramide gives them at the wheel. It is regular equipment on Crown Imperials, optional at extra cost on other Imperial and New Yorker models. Your Chrysler Dealer invites you to try it for yourself.
